FROM:

Special Assistant for Nuclear Proliferation  
Intelligence

25X1

SUBJECT: Draft Memorandum to Holders of SNIE 31/32-81:  
"India's Reactions to Nuclear Developments  
in Pakistan"REFERENCE: SA/NPI Memo for NFIB Reps, Same Subject,  
1 April 1982

1. The following are the results of the review of the subject draft by the NFIB Representatives at their meeting on 6 April:

--There was a general consensus that the available intelligence did not warrant any substantial change in the judgments of SNIE 31/32-81 at this time.

--Two key areas that deserve continuing close scrutiny are a) Indian perceptions of Pakistani progress in the acquisition of fissile material and nuclear weapons development, and b) fissile material availability in India for weapons production.

--State/INR will consult with appropriate diplomatic posts concerning the issues raised in the draft.

2. You will be advised at a later date concerning next steps and scheduling for an updated assessment.
